A detailed timetable for each module will be given to the apprentices

Mentor training will be provided and they will be involved in the 3 way review progress meetings

\* Placements are normally outside the apprentices workplace and should include a range of settings which include, acute, community, mental health or learning disability. Extended scope placements are usually in the private or voluntary sector often where there is not an occupational therapy service and long arm supervision can be provided.

Practice educators will be invited to a session to be introduced to the University documentation for placements.
