

Student Evaluation of Practice Placement Learning

- Student evaluations of practice learning are vital to our quality assurance processes. We will invite you to evaluate your experience of all your practice placements during the programme.
- During the final week of a placement period, we will send you an email reminder that it is time to complete your evaluation(s).
- The email reminder we send you will include a link to the appropriate evaluation system **EITHER PARE OR PEMS**.

Please note - we use a variety of placements, provided by several different organisations. These use different evaluation systems.

- Student evaluations are reviewed by the Link Tutor/Link Team responsible for linking between the University and the placement(s).
- Evaluation(s) are shared with the Placement Provider. If your evaluation indicates that this is necessary, the Sheffield Hallam University tutor and placement provider will agree an Action Plan to address any issues you have raised.

You may be invited to contribute to the discussion of concerns and their resolution.

- Evaluations are reviewed at each Education Audit of placements, to meet professional and / or local contractual requirements. Auditors and placement providers agree Action Plans to address any issues indicated by evaluations.

NOTE

If you have concerns about the safety of patients/clients/service users or quality of care, you should raise these immediately. Please **DO NOT** wait until you are invited to evaluate your practice learning experience.

Please refer to the [Policy Library/Student Guidance Policies](#) section of the Health and Social Care Placements - Placement Learning Information Website for guidance on **Reporting Incidents or Accidents or Concerns**.
