

Radiotherapy and Oncology placements

- Your placement learning opportunities are currently available across all of the following regions of England:
 - Yorkshire and the Humber
 - East Midlands
 - North East
- We are continually working to develop new placement learning opportunities - and therefore placement learning settings maybe added to the list of placements currently available. Examples of some of these providers are available on the [Placement Provider Information page](#) on this website.
- Your placements could take place anywhere across the placement circuit or as student self-sourced placements anywhere outside the placement circuit.
