## USEFUL INFO

**Access for all**  
If you need support during your visit, please let us know. You can contact us before the event on 0114 225 5533 or speak to a member of staff on the day. Our disabled student support team will be available to answer any questions in Heartspace Atrium, Level 2, Owen Building at City Campus and in Heart of the Campus at Collegiate Campus.

**Photography and video**  
Photos and video may be taken at this event to support our marketing activity. They may appear on our website, social media accounts, email communications, printed marketing materials and third party websites. If you don't want to be photographed or filmed, just let the photographer know or speak to a member of staff.

**Health and safety**  
A continuous fire alarm is the signal to evacuate the building. Staff and student ambassadors will guide you to your nearest exit and assembly point. An intermittent fire alarm means there could be a fire in an adjacent building. You will be safe where you are and don't need to evacuate unless the alarm changes to a continuous one. If you need first aid, speak to a member of staff or student ambassador.

**Where to eat and drink**  
You can pick up something to eat or drink in our university outlets, plus we have a barbecue at both City and Collegiate campuses over lunchtime. Ask our staff and student ambassadors about places to eat and drink and look out for our free tea and coffee stations throughout the event.

**Wi-Fi**  
Network: **WIFI-GUEST**  
Check your wifi is on. Select "WIFI-GUEST" from the available network list. Follow the on-screen instructions. The University does not exercise control over the nature, content or reliability of the information and/or data passing through our network.
