

Insurance Notification Required
(children <5, pregnant women, studies >5,000 participants)

The conditions below are not automatically covered by our insurers, and therefore should be flagged up in the Converis system:

- a. Studies with more than 5,000 participants
- b. Studies involving children under 5
- c. Studies involving pregnant women

It does not mean that insurance cover will not be provided by the University but additional costs may apply.
