Open days can be crucial in helping you decide where – and what – you want to study. Here’s how to get the most out of it.

01. Plan your time carefully

Use this guide to decide which talks, tours and stands you want to go to.

We have two campuses, so include 20 minutes travel time if you’re visiting both. Some talk locations may have changed since you created your personalised plan on our website. Check the schedule on pages 10-21 for the most up-to-date details.

02. Get a feel for the university

Today is your introduction to Sheffield Hallam and a chance to find out more about who we are.

Attend a welcome talk to get an overview of the opportunities available to you here, and visit Owen Building, Level 5 or Heart of the Campus to take tours of our campuses and the city.

03. Visit our accommodation

Take the time to look around some examples of our accommodation. See pages 24-25 for details on how to get there.

04. Meet our staff and students

This is your opportunity to experience life at Sheffield Hallam, so don’t be afraid to talk to us.

At our course stands you can speak to lecturers from the courses you’re interested in. Wherever you go there’ll be students ready to answer your questions. No one is better placed to tell you what it’s like here.

05. Ask for directions

As well as the map in this guide and the signs around the University, our team of student ambassadors will be on hand to give you directions. If you’re not sure where to go, please ask.

06. Need wifi?

Just ask our staff for the code.

Access for all
If you need support during your visit, please let us know. Representatives from our disabled student support team will be available to answer any questions in the Atrium, level 2 at City Campus and in Heart of the Campus at Collegiate Campus.

Photography
We’ll be taking photos and filming throughout the day, if you do not wish for your image to be captured please speak to a member of staff.

Health and safety
A continuous fire alarm is the signal to evacuate the building. Staff and student ambassadors will guide you to your nearest exit and assembly point.

An intermittent fire alarm means there could be a fire in an adjacent building. You will be safe where you are and don’t need to evacuate unless the alarm changes to a continuous one.

If you require first aid during your visit please notify a member of staff or a student ambassador.
Throughout the day you can take tours of our accommodation, our facilities and our city.

6. MILLIONS INVESTED IN FACILITIES
We’re constantly updating and adding to the excellent facilities you’ll use, with over £100 million invested in new facilities in the last 5 years.

APPLYING YOUR LEARNING TO THE REAL WORLD

We actively encourage you to undertake work experience, and through our industry connections we offer plenty of opportunity to apply your learning to the real world.

Doc/Fest 9-14 June 2017

Doc/Fest is an international film festival that takes place every year in Sheffield showing films from across the world. Our partnership with Sheffield Doc/Fest as a major sponsor this year sees our students filming the events and going to exclusive workshops with international industry experts. Many of our students get real industry experience at the festival. Beth, a Film and Media Production student volunteered last year.

The festival will be taking place during your visit to the University so if you get any spare time in your schedule why not explore what’s going on?

Films from the festival are also being shown on a large screen on Howard Street just down from our main entrance.

To find out more about the festival or to see the programme visit sheffdocfest.com

"I just love films. They’re a great way to delve into a story for an hour or two and an important way to give people a voice, so being a part of the festival has been so eye opening.

"I’ve been able to meet people in the industry through my course, and gain an insight into making it in the field. Volunteering at Doc/Fest has really helped this."

MEET OUR STUDENTS

Open days are all about hearing first hand from our students and lecturers what it’s really like to study here.

There will be plenty of student ambassadors around today, so make sure you talk to them and get your questions answered or come along and hear from our inspirational students about their experiences in our welcome talk.

Max came fourth in the 400m Men’s Individual Medley final at the Rio Olympics, with a fantastic performance that saw him setting two personal best times.

He studies BSc (Honours) Sport and Exercise Science and is part of our High Performance Athlete Support Programme, which allows students who compete in elite sport to balance their studies with their competitions.

Max will be talking about his experience in the welcome talk and on the sport stands at Collegiate Campus on Friday 9 June - see page 21 for times.

Clarissa studies BA (Honours) History and is one of our team of Hallam insiders who blog about life in Sheffield and on campus. Clarissa has made the most of the opportunities available at Sheffield Hallam to gain valuable experience.

Clarissa will be talking about her university experience in the welcome talk at City Campus on Friday 9 and Saturday 10 June - see page 20 for times.

Hospitability student Harry is getting a taste of what it’s like to run a small business on his placement with local company Nether Edge Pizza, who are providing real wood fired pizzas at the open day. Harry will be working on Saturday in Hallam Square so why not grab a slice of pizza and say hi.
